The annual Mental Health Campaign got under way in Pahokee Saturday with Mrs. E. C. Johnson again serving as local chairman in charge of this year's drive.

The purpose of the campaign is to inform the public of the seriousness of mental illness through the distribution of literature, and at the same time raise funds to carry on needed work, according to Mrs. Johnson, who is being assisted by Mrs. R. L. Kleidick and Mrs. C. A. Canipe.

In bathroom design white ceramic tile is finding new favor because it tends to expand what otherwise might seem a small cramped room.

## Elected City Clerk

Miss Patsy Batchelor was elected City Clerk on Tuesday of this week when she defeated I. M. Lair by a vote of 396 to 309. ## Juvenile Worker Talks To Lions

Gene Duncan, Palm Beach County Juvenile Court counselor for the Glades area, was guest speaker at the dinner meeting of the Canal Point Lions Club in the Community Building Monday night.

Introduced by Osceola Upthegrove, program chairman, the speaker told the Lions it is the policy of juvenile officers always to try to rehabilitate the youth who has broken a law rather than to punish him, although in some cases punishment is necessary. He said one of the principal causes of juvenile delinquency in the Glades area is the sale on intoxicating liquors to minors.

He also blamed lax parental supervision and the lack of proper recreation facilities and praised the current efforts of civic groups in the Pahokee-Canal Point area to establish a supervised Youth Center.

Grady Echols, first vice president, presided at the business session.

## Fishing Contest Will Start May 15

The annual Black Bass Fishing Contest sponsored by the Pahokee Chamber of Commerce will start this year on May 15 and end Labor Day weekend, according to plans made by the chamber's executive board at the regular meeting Monday night with Ralph O. Johnson presiding in the absence of President Roy Vandegrift, Jr.

Persons planning to participate in the contest are asked to register either at Jones Hardware, or Western Auto, or the Chamber of Commerce office, or at the Pahokee Mariana Corporation headquarters at Pahokee Harbor. These four places and the Pahokee Service Station, 205 East Main St., will serve as official weighing in stations for the fish caught and entered in the contest. Weekly, monthly and grand prizes will be awarded, details to be announced within the next few days.

The board also made plans for the big Fourth of July celebration program which is held annually at Pahokee Harbor under the chamber's sponsorship. The committee in charge of this project includes Robert E. Simonson, chairman, Karl Mindlin and C. A. Batchelor. Mrs. Clark Willmson was allotted a supply of the new Pahokee colored brochures for distribution at the Beta Sigma Phi national sorority convention in West Palm Beach.

Plans were discussed for the erection of a new, modern Pahokee roadside sign at Twentyfifth Bend.

It was announced the current membership drive, which has started to lag, will be completed in an intensive campaign under the direction of Chairman Louis Gold during the coming week.

## New Bids Asked On House Project

The Pahokee Housing Authority, following consultation with officials at the regional office of the federal Public Housing Administration in Atlanta, Ga., rejected all construction bids for the two proposed federal low-rent housing projects in Pahokee because they were in excess of the total allotted for these projects.

PHA, after making certain changes in construction specifications, is calling for new bids for the 115 low-rent units and has set 10 a. m. June 4, as the deadline for receiving these bids, according to Leonard Dobrow, PHA board of director's chairman.

## Street Dance Nets \$477.58 Cash

The "Whingidig" given Saturday night in Pahokee proved a financial success and those who are interested in the proposed Youth Center are happy over the outcome. A net amount of \$477.58 was realized according to a report from those in charge of the affair.

One of the committee workmen said that the Teenagers cooperated a hundred percent. Others were just as cooperative, they said in making the street dance and food sales a complete success.

## HE DID IT AGAIN!

Robert O. Lampi, director of the Pahokee High School Band, again this year inspired his youngsters and taught them music to the point where they came away from the State Band Contest with Superior ratings in all divisions.

## Band Banquet Set For Night Of May 29

The Pahokee Band Parents Association will honor members of the Pahokee High School Band at the annual banquet to be held in the Community Building at Canal Point Wednesday night, May 29, according to Mrs. C. W. Ammons, president of the association.

The PHS Band returned Thursday night from its triumph at the State Band Contest-Festival in West Palm Beach in which it received superior ratings in all phases of the contest, concert playing, sight reading and marching drills. This is the third consecutive year the PHS Band has been rated all-superior at the State Contest. Bandmaster Robert O. Lampi is the director.

Fred Blakey also received a superior rating for his student conducting and was rated excellent in his baton horn solo. Glenda Faye Russom was judged superior for her piano solo and Cyndy Friend and Nancy Thomas, superior for their baton twirling duet.

## Cub Pack Award Goes To Den One

At the monthly meeting in Pahokee Cub Pack 23 with Cubmaster Mike Sanders presiding the achievement plaque for the month was awarded to Den 1 and the honor and good conduct pennants were won by Den II.

Individual awards were received by Cannon Myers, Bear badge, gold arrow and one-year service pin; Randy Ainsworth, Melvin Todd and Larry Walker, Wolf badge; Mike Cowart, Tommy Collier, Jimmy Holman, Leon Mills and Jimmy Wagnon, gold arrow; Laverne Johnson and Johnny Spencer, gold arrow and silver arrow; Jimmy Tyson, Skippy Latham, David Larimore, Franklin Branch and Joe Hattton, III, silver arrow; Joe Erby Thompson, one gold arrow and three silver arrows.

The program topic was "Adventures of the Swiss Family Robinson." It was announced the theme for the coming month will be "Fire Prevention." The last meeting of the season will be held Saturday, May 25, with a picnic on the levee to follow the business session.

Delmar L. Hooks and son, Stanley Hooks, accompanied by Stanley's daughter, Karen, are visiting relatives in Georgia this week.

## Superior Ratings For Lampi's Band

Bandmaster Robert O. Lampi's Pahokee High School Band, rated the top Class CC band in the State last year, was again this year placed in the top bracket of Class CC bands when it was given a superior rating in all categories, concert playing, sight reading and marching at the State Band Contest-Festival in West Palm Beach on Thursday of last week. Most significant was the fact that the judges were unanimous in their decision, giving the PHS Band an all-superior rating without a single dissenting vote.

This is the fourth time in the past five years and the third consecutive year that the PHS Band under Mr. Lampi's inspired direction has been awarded an all-superior rating at the State Band Contest, a record to which the whole community points with pride.

On Tuesday night, May 21, the public will have an opportunity to see and hear this fine 58-piece band in action as it presents its final free concert of the spring season in the high school auditorium. It has been the custom in the past to give these free concerts on Sunday afternoons, however, it was decided to present this final concert at night because the cooler night air will make the event more enjoyable for both the audience and the band members.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Palm Beach County's new zoning regulations were introduced this week at a public hearing and will become final when adopted May 13 time ago by the commission and will likely be delayed until after the present session of legislature where some changes in social security and pension plans are being studied.

The regulations, submitted by G. H. Schulz, county zoning director, were for the most part, similar to regulations which were reviewed at a series of public hearings last March.

George Simons, county zoning consultant, said most of the March requests for changes to zoning regulations, had been made in the final draft.

These changes, he said, include modification of R1 zone to include two family dwellings and four-unit apartments providing lot size meets county zoning requirements.

Also changed was a provision for erecting signs on highways; including trailer parks in R2 districts; adding some residential uses in C1A commercial zones; including boat servicing stations in C1A; establishing setback lines in M1 zones and providing for removal of sand and rock from any district after public hearing.

A number of requests for changes to zoning regulations were made Monday and will be considered at public hearings to be held after June 1.

Also scheduled for next week, will be adoption of building, plumbing and electrical codes which will become part of the county's zoning laws.

County Commissioner Roy Michael, who is chairman of the zoning commission, announced the appointment of Robert Williams and Robert Braid, West Palm Beach and John Luke, Lantana, as county building inspectors.

Gov. Leroy Collins has advised the county commission that he has authorized a referendum election

for county employees to vote on joining the Federal social security plan.

The election was asked some time ago by the commission and will likely be delayed until after the present session of legislature where some changes in social security and pension plans are being studied.

Gov. Collins said the State Industrial Commission will supervise details of the election.

Proposed construction of Palm Beach County's new jet airport has cleared another high level hurdle, the county commission learned this week from County Engineer Steve Middleton.

Middleton told the board that plans for the airport as to location and arrangement of runways have been approved by the Civil Aeronautics Authority and that plans are nearly ready for presentation to the Joint Air Space Advisory Committee.

The county engineer said consideration by JASAC will be delayed until engineering studies are completed by the Department of Air Force which must also give approval to the airport proposal.

The commission authorized Middleton to go to Washington D. C. at any time he is called for high level conferences to gain approval for the field.

## Cinematic Chatter

By Malcolm Millar

Hello everybody! As far as Jayne Mansfield is concerned the camera is a girl's best friend and she saw to it, when she arrived in Hollywood that she gave the cameramen something to shoot at. With great elation she walked straight from the plane into the camera eye on the arm of Mr. Universe, Micky Hargitay, her current boy friend. Her household pet, a grey dane named Lord Byron, two chihuahuas, a poodle and a white rabbit—were on hand to be photographed with her, and Jayne leaned over gracefully to pet the poodle, thus revealing herself in a very effective pose. Every move Miss Mansfield makes in public is a calculated one. She dresses like the glamorous movie stars of the old days when there was emphasis on the exotic, and in direct contrast to the slacks and turtlenecked pants worn off today by Hollywood stars. She drives a strawberry pink Jaguar sports car with her blonde locks blowing in the wind, wears giant sun glasses with leopard skin rims, carries a black leather bag of giant proportions and is every ready to bat her inch long eye lashes and smile for the camera. "I have wanted to be a Hollywood star all my life," explained Jane, "and I have dedicated myself to exploitation to reach my goal." See you at the Movies—Mal.

## Cancer Drive Is Started In County

Two benefits for the American Cancer Society to be held in May, have been announced by George Slaton, chairman of the annual Cancer Crusade for Palm Beach County.

First of the two events, Slaton said, will be the annual meeting of the Jupiter Women's Club to be held May 14—a covered dish supper at the high school. Dr. Malcolm Van de Water, radiologist at St. Mary's Hospital will be guest speaker for the benefit.

Jupiter, where Mrs. Shirley Floyd is crusade chairman, has already reported \$529 for the campaign.

Slaton also announced a benefit dance recital to be staged at the Palm Beach High School auditorium on May 31—an event featuring the dancing students from Miss Virginia MacKay's studio with all proceeds for the crusade.

The annual cancer drive, Slaton said, now stands at \$30,000 with late reports including \$336 from Palm Beach Shores where a drive was directed by Mrs. Harry Boord and Mrs. Mildred Strickland.

At Lake Park, where Mrs. C. F. Collings is chairman, the crusade netted \$201 and from Canal Point, \$327 was reported from a campaign headed by Mrs. Ruby Tucker, which staged that city's first community drive.

Slaton also announced receipt of a check for \$380 from the United Commercial Travelers which staged a benefit at West Palm Beach.

At Lake Worth, where a late April solicitation was staged by the Loyal Order of Moose Auxiliary \$516 has been reported to the crusade with final tabulations yet to be made.

Also reporting from Lake Worth was the high school Key Club headed by Eugene Haines, which raised \$28.50 for the crusade.

## Fish Fry

Did you ever notice how much time is spent on talkin' about different opin'ons? What brings it to mind is all the talkin' that went on the other evenin' about the right and wrong way to cook hushpuppies. I just eat 'em and enjoy 'em, never gave much thought to the fine points of cookin' 'em.

Some said they should be done in this new store-bought shortnin', others said they have to be done in home drawn lard with plenty of fish flavor.

From where I'm sittin', a hush puppy is a hush puppy and how you fry 'em is your own likin'. It's one of the few things a person can decide for himself. It's good to have your own free choice about some things such as whether you like tea or coffee, beer or ale, or even none of them. Some places a person can't make a choice — let's keep our country the way it is.

## Pick your savings target and shoot straight for it!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

### Christian Science Group Of Canal Point

The true status of man, created in the perfect image and likeness of God, spirit, will be set forth at Christian Science Services in the Lesson-Sermon entitled "Adam and Fallen Man".

Luke's account of one of Christ Jesus' healings will be included in the Scriptural readings (Luke 5:12,13). And he put forth his hand, and touched him, saying, I will: be thou clean. And immediately the leprosy departed from him."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (259:6-11): "The divine nature was best expressed in Christ Jesus, who threw up on mortals the truer reflection of God and lifted their eyes higher than their poor thought-models would allow... thoughts which presented man as fallen, sick, sinning, and dying."

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.
